Important: If this form is not filled out correctly, signed and return on or before the deadline date, it will result in delays in completing the work description.

Please be advised that Expo Screens will be installed by Expo Guys, these Safety Sails need to be pre-ordered as they will be being couriered down preshow.

- Expo Screens is a protective sail that clips into the opening of your exhibition stand to secure your exhibit/products on your stand whilst you are not there.
- Secured by a unique patent-lock - winner of the SABS Design Excellence Award.
- Fully removable within a minute.
- The expo stand remains uncluttered and wide open during expo hours, no fittings or attachments stay behind.
- Quick and easy -late orders and stand-layout changes are serviced within minutes.
- Exhibitors keep their own private key for their stand and are responsible to keep the screens (which we fold) on their stand.

We would like to hire the following Expo Screens:
